

Download Hey Kids Don T Smoke Cigs

Verdict. The old blu cigs are something completely different from the new ones. The new product with all the improvements is really better than the old one produces lots of smoke and has good batteries. You come off as the uneducated idiot here m8. If it's safe why shouldn't kids smoke it? There is absolutely no reason not too so long as they didn't steal it. When I was opening my new Pro Kit, I immediately noticed the Green Smoke membership card on top. It is a nice card with the Green Smoke logo on front and a short explanation of e-cigs on the back. Green Smoke cigarette is a great quality electronic cigarette and produces a very high smoke volume. The NEW, redesigned FlavorMax cartomizers are significantly longer lasting and will give you 25% more vapor than before.
