Modern, cheerful, and always delicious, Miette is San Francisco's most charming pastry shop. Our impeccable cakes are traditionally American & birthday-party perfect. A modern interpretation and the finest, unrefined ingredients available have made Miette one of the top ten pastry shops in the world, according to Conde Nast. Miette was one of several bakery recommendations from one of the best bakers in Portland, Oregon. After discovering that all of the other bakery recommendations were excellent, and baking the wonderful Miette's Tomboy Cake recipe in Rose's Heavenly Cakes by Rose Levy Beranbaum, I excitedly pre-ordered Miette's cookbook. Miette: Recipes from San Francisco's Most Charming Pastry Shop - Kindle edition by Meg Ray, Frankie Frankeny, Leslie Jonath. Download it once and read it on your Kindle device, PC, phones or tablets. En cette période de fêtes, j'ai décidé de vous gâter un peu avec une nouvelle petite recette gourmande mais pas que ! Pour celle et ceux qui ne le sauraient pas encore, cette année j'ai eu la chance d'être ambassadrice pour Nespresso.
