muscle pain by mense Mon, 04 Feb 2019 13:31:00 GMT muscle pain by pdf - Myalgia, or muscle pain, is a symptom of many diseases and disorders. The muscle pain is evoked by specialized nerve endings (nociceptors). Important stimuli for muscle pain are adenosintriphosphate (ATP) and a low tissue pH. Excitation of muscle nociceptors leads to hyperexcitability of spinal sensory neurones (central sensitization). Low frequency activity in muscle
