

Download Plans For 22 Caliber Gatling Gun

Improving or personalizing a gun is something we almost all do. But some gun enthusiast's preppers take it to a whole new level, designing guns and making ammo of their own. Purchase highly detailed CAD drawings on prints or CD-ROM (.pdf format) that contain rendered isometric or 3-D views of all parts, to build a historically detailed 1/3 scale model of a Colt 1874 Gatling Gun. Introduction. Sometimes gun enthusiasts want something just a bit different; something that they have essentially created themselves, and this normally comes in the form of a homemade gun. Technical specifications. The GAU-19/A is designed to accept standard NATO .50 caliber M9-linked ammunition. The rate of fire is selectable to be either 1,000 or 2,000 rounds per minute.
