Some nights feel like an abyss. It starts small, with a thought or a memory or a worry that cracks the ground beneath me and before I know it my foundation has crumbled away and I am tumbling into darkness. (Below is the preface for the Soldier Boys ebook. The book page contains purchase links and discount coupon codes. Further Readings on Civil War Fiction — an annotated bibliography which appears in the ebook's appendix — is also online.) Decision definition, the act or process of deciding; determination, as of a question or doubt, by making a judgment: They must make a decision between these two contestants. See more. The short story's "renaissance" is a trope that has been trotted out by booksellers and commentators throughout the 21st century, though in fact the genre's popularity has remained ...
