

Download Sepecat Jaguar Tactical Support And Maritime Strike Fighter

The SEPECAT Jaguar is a British-French jet attack aircraft originally used by the British Royal Air Force and the French Air Force in the close air support and nuclear strike role. A fighter aircraft is a military aircraft designed primarily for air-to-air combat against other aircraft, as opposed to bombers and attack aircraft, whose main mission is to attack ground targets. Select the Aircraft type from the list below : AAI Shadow: UAV: Adaridi AD3 Monoplane: Experimental aircraft design from 1924: Advanced Technologies Airlander Les abréviations sont souvent employées en aéronautique, voici les principales sous forme de tableau avec l'abréviation, la signification anglaise et la traduction française pour les abréviations anglophones et bien sûr l'abréviation et sa signification pour celles francophones.
